Our Value this half term, is Fellowship!

We care for one and other because good relationships make for good learning!

*"Greater love has no one than this that he lay down his life for friends. You are my friends if you do
what I command you"*

John 15:13-14 (Jesus' words at the Last Supper)

What an amazing week we've had in Year 6! Every member of the class has worked incredibly hard and I have been especially impressed to see the children applying the skills they learned from the series of Growth Mindset lessons they completed in PSHEE.

This week we have begun our whole class reader, 'After The War: Auschwitz to Ambleside'. The story focuses on the lives of three boys: Yossi, Leo and Mordecai, and their journey from Nazi occupied Germany to the English Lake District. We have been inferring meaning from the text in order to help us develop our understanding of the emotions of the three protagonists. In English, the children have continued the Second World War theme by learning about the life of the famous diarist Anne Frank. Next week, the children will plan, write, edit and re-draft a letter to Anne, asking her about her life before the war.

In Maths, Year 6 have revised place value and delved deeper into our number system, by learning to understand the value of numbers up to 10 million. As you can imagine these large numbers can be very difficult to fully comprehend, so the use of place value grids and counters in class has really supported us.

In Science, we are about to begin our new unit 'Humans'. Next week the children will be identifying the components of blood and will even make a blood smoothie as a resource to help understand blood groups!

In Art, Year 6 have been putting the finishing touches to their mixed media self-portraits inspired by the work of the famous American artist Jean Michel Basquiat. Using a combination of pencil, colouring pencil, pastel, charcoal, paint and collage these vibrant and exciting pieces will both excite and entertain you. I hope you will be able to join us next Tuesday for the St James & St John Art Show. Parents are welcome to visit classrooms and marvel at the brilliant work produced by all the children. Doors will open at 2:45pm on Tuesday 26th September.

Free School Meal **Application**

Westminster now has an online application process for families wanting to complete the Free School Meal application process. This will make the process of applications for families easier and reduce significantly the waiting time on applications.

The system can be accessed through this link.

www.westminster.gov.uk/education/free-school-meals

If your application is successful, your family will receive an email advising you of your eligibility, and the start date.

Where an application cannot automatically be approved as additional information may be needed, you will receive an email advising you, and inviting you to upload certain benefit information for checking.

Once this has been checked and a decision made, this information will be sent to the school through the daily update.

AUTUMN TERM DIARY DATES

We are hoping that many of you will be able to join us in school or in church for our events this term.

There are several opportunities to pop into school to find out more about different areas of the curriculum.

At our monthly parent coffee mornings across the road at the Lancaster Hall Hotel there is always an opportunity to chat with a member of the school's leadership team and find out more about a particular subject.

ATTENDANCE

School attendance is central to raising standards in education and ensuring all pupils can fulfil their potential. **The government has set a target of 95% attendance for all pupils.** This rate allows for periods of illness or circumstances when absence from schools is unavoidable. We want your child to attend school regularly as this supports their learning. If your child is not well or if you have a planned reason why your child cannot attend school, please inform the school office at the earliest opportunity.

Some key attendance facts:

- Attending 90% of the time or less will have a serious effect on learning.
- One day's absence every two weeks will give 90% attendance.
- Up to the age of 16, 90% attendance will mean losing over a year of school!

The school can only authorise any absences in the following circumstances:

- Genuine illness
- Dental/medical appointments (these should be made out of school hours where possible)
- Close Family bereavement
- Recognised religious observance
- Examination

What is NOT acceptable?

- Caring for a parent or sibling
- Going shopping
- Day trips
- Birthdays
- Bad weather
- Family holidays will not be authorised

PUNCTUALITY

What are the different types of lateness?

- 1. Late before register closes** your child is a few minutes late.
- 2. Late after register closes** this counts as an unauthorised absence and will show on your child's attendance record. Your child is likely to have missed the start of the lesson.

Top Tips for improving punctuality!

- Make sure you know your child's timetable – work together to make sure they have everything ready the night before e.g. books, PE or swimming kit, uniform!
- Get your child into the habit of doing their homework in the evening – instead of in the morning at the breakfast table.
- Make sure your child has a good bedtime routine so they get plenty of rest and don't struggle out of bed in the morning!
- Try to ensure your child has a good breakfast to set them up for the day – we have a super breakfast club you could use if you need to be at work early.
- If you are finding it difficult to get your child to school on time, talk to a teacher and ask for help!
